# about dereli.

Having started its mining activities in 1940s, Dereli Family has been operating in the mining industry for three generations.

Dereli Family continues its operations on Marmara Island through Dereli Mermer Granit Maden A.Ş. in the chipped calcite industry and through Derbent Maden A.Ş. in the block marble industry.

This recently opened mine has been operating since 2019 and extracting new selection of marble blocks.
